INFORMATION TO PARENTS AND ACKNOWLEDGEMENT FORM

Dear Parents,

Our staff is dedicated to providing the warm, nurturing environment necessary for young minds and bodies to grow and develop. We are looking forward to a successful school year for your child.

In keeping with New Jersey's child care licensing requirements, we are obligated to provide you, as the parent of a child enrolled in our school, with the informational statement which can be found in our Parent Handbook designed to provide you with an overview of the goals, philosophy, policies and programs offered at the Summit JCC Early Learning Center.

The statement highlights, among other things: your right to visit and observe our school at any time without having to secure proper permission: the school's obligation to be licensed and to comply with any licensing standards: and the obligation of all citizens to report suspected child abuse/neglect/exploitation to the State's Division of Family Services (DYFS).

Please read this handbook and statement and if you have any questions, feel free to contact me at allison@summitjcc.org. Once again, we are looking forward to working with both you and your child in the coming year.

AUTHORIZATION FOR PEDIATRIC-EMERGENCY-MEDICAL AND/OR SURGICAL TREATMENT

EXPLANATION: In emergency situations when the Early Childhood Director cannot reach a student's parents, the authorization you provide on this sheet will enable medical personnel to administer the required care for your child. We find that Doctors and Hospitals refuse to give treatment regardless of how minor, unless they have a parent's authorization. As you know, time can be a factor in emergency medical situations. This form will assure us that no time would be lost in providing your child with immediate treatment. It is our firm hope that the authorization granted here will never be needed. The granted authorization will be used only where absolutely necessary and after every attempt has been made to contact you, the parent.

AUTHORIZATION: In the event my child requires medical care (and the determination thereof shall rest solely with you), I hereby authorize:

1) The Summit Jewish Community Center Early Learning Center Staff to provide emergency medical care and first aid as required. (i.e.: Ice on a bump; antiseptic on a scratch; Band-Aid procedure). The school will not administer medicine. The only exception is emergency medications relating to allergies, such as epi pen or antihistamine (benadryl), or inhalers. The parent to provide the school with a prescriber's authorization form related to any emergency medicine.

2) The Doctor or Doctors and/or Hospital to which he/she may be brought, in an emergency situation, to take and perform all necessary procedures and render any indicated treatment, including the administration of anesthesia, if needed, and the performance of an operation, if in opinion of said Doctor or Doctors the same is necessary, while my child is under the School.

Dear Parents:

You will find medical forms which should be completed by your child's doctor, and returned by **August 31, 2020**. The forms can be mailed directly to the above address, or dropped off at the Early Learning Center office.

What we need:

- We need all parents to have their pediatrician complete the **Universal Health Care Provider Form** from a well visit that was conducted within the past 12 months.
- We also need **a child's immunization history with the doctor's signature and seal.** If your child is returning to our school and has received **additional vaccinations** this past year, we will need an updated immunization immunization history
- Influenza Vaccine needs to be administered to all children ages 6 months to 59 months by December 1st. Please have your doctor complete the form upon the vaccination.

Please note, if your child attended our Summer Fun Program for the first time this year and you submitted all the required medical information, you do not need to complete a new medical form if the well visit exam was conducted within the past year.

3. **Medical Conditions** - Please list any ongoing medical conditions that might impact the child's health and well being in the child care or school setting.
   a. Note any significant medical conditions or major surgical history. **If the child has a complex medical condition, a special care plan should be completed and attached for any of the medical issue blocks that follow.** A generic care plan (CH-15) can be downloaded at www.nj.gov/health/forms/ch-15.dot or pdf. Hard copies of the CH-15 can be requested from the Division of Family Health Services at 609-292-5666.

   PRN Medications are medications given only as needed and should have guidelines as to specific factors that should trigger medication administration. *Please be specific about what over-the-counter (OTC) medications you recommend, and include information for the parent and child care provider as to dosage, route, frequency, and possible side effects. Many child care providers may require separate permissions slips for prescription and OTC medications.*

4. **Screening** - This section is required for school, WIC, Head Start, child care settings, and some other programs. This section can provide valuable data for public heath personnel to track children's health. Please enter the date that the test was performed.
